

1. Prioritized for **15–20%** of student population.

2. Processes are **standardized** to identify, match, and deliver interventions for students' needs.

3. Uses an **evidence-based intervention** or evidence-based practices with fidelity.

4. **Increased practice and feedback** on foundational skills aligned to Tier 1.

10 Essential Features of Tier 2 Supplemental Intervention

At Tier 2, schools provide small group, standardized supports using validated intervention programs.

5. Provided **in addition** to Tier 1.

6. Group size based on student age, needs, and research, but typically **3–7 students**.

10. Increased **family engagement** and communication relative to Tier 1.

9. Regular **monitoring of progress** (i.e. at least twice/month).

8. **Frequency and length of intervention** based on student age, needs, and research.

7. Delivered by **adequately trained** staff.
