June 2021 – Accellion is retiring

## “Where is Accellion”?

Accellion recently announced that it would retire its legacy secure file transfer service so you will not be able to use it starting July 1, 2021.

VUMC Enterprise Cybersecurity has introduced two new options for sending secure content such as a patient’s Protected Health Information:

**Sensitivity Labels** are available in your Outlook Email allowing you to send encrypted emails.

- Training for Sensitivity Labels can be found in LMS.
